HALF SHIBA INU

SSHIB0.5 is one of the first tokens to be paired with SSHIB LP. You have to own or buy SSHIB, then swap SSHIB for SSHIB0.5. In that way, we take SSHIB out of circulation and aim to reach half the market cap of Shiba Inu!

The image shows the Idle Finance website landing page. The header features the Idle logo on the left and navigation links for Analytics, Docs, Governance, Partners, and Security on the right. A white button labeled "Enter App" is positioned in the top right corner. The main section has a dark blue background with a large white heading "Your Unique Edge For On-chain Yields", where "On-chain" is highlighted in teal. Below this heading are three investment cards: "Block Analitica" (Blue-chip lending markets, Up to >9999% APY, \$0 TVL), "Fasanara Investments" (Institutional Credit, Up to 20.1% APY, \$6,407,373 TVL), and "Ethena" (Diversified Basis Yield, Up to 12.0% APY, \$533,794 TVL). Each card includes a small icon, a TVL badge, and a right-pointing arrow. The footer on the left lists "Trusted by" with logos for Consensys, Gumi Cryptos, Fasanara, and Green Field. A cookie consent banner is at the bottom right, stating "We use cookies to improve your experience and for marketing. Read our [cookie policy](#) or manage cookies." with "Reject all", "Accept all", and "Manage cookies" options.
